ASI Communications Procedure for Changes to ASI Documents

V2 – 09 February 2022

1 PURPOSE
This procedure describes the mechanisms ASI will use to communicate changes to ASI Documents to affected Stakeholders, including Members and Auditors.

The procedure has been developed with reference to the ISEAL Codes of Good Practice (Standards Setting Code, Impacts Code and the Assurance Code).

The procedure must be read in conjunction with the ASI Standards Setting Procedure.

2 SCOPE AND APPLICATION
This procedure applies to the communication of changes to ASI Documents, defined as:

- ASI Standards and Guidance
- ASI Assurance Manual
- ASI Claims Guide
- ASI Glossary

Changes to ASI Documents may be considered as Major or Minor.

### 5 PROCEDURE

#### 5.1 Communication of changes to ASI documents

1. The ASI Secretariat will determine the most appropriate and efficient strategies to communicate to Stakeholders about changes made to ASI Documents.
2. Communication strategies (which may or may not be formally documented) will be developed based on:
a) identification of the Stakeholders affected by the change
b) the appropriate timing and methods of communication
c) development of communication material and information, tailored as appropriate, to explain:
   i. basis for the change
   ii. Stakeholders involved
   iii. approach taken to assess and make the change
   iv. nature and implications of the change
   v. effective date and transition timing for the change
d) the nature and timing of translations into agreed languages, as appropriate, and associated communications.

3. Communication strategies for Major changes to ASI Documents must meet the commitment in the ASI Standards Setting Procedure to publish a new or revised ASI Standard (English version) on the ASI website within 30 days of Board approval (unless otherwise specified in the Public Summary and Consultation Plan). The publication of translations of ASI Documents into other languages may take additional time beyond this period.

4. Changes made to ASI Documents will be communicated using one or more of the following methods:
   - ASI website
   - ASI communications channels including:
     o Public Newsletters (to all subscribed Stakeholders)
     o Member Updates (Members only)
     o Auditor Updates (ASI Accredited Auditors only)
     o Registered Specialist Updates (ASI Registered Specialists only)
     o Media Releases
   - ASI social media platforms
   - Frequently Asked Questions (FAQs) in elementAI
   - elementAI alerts and information emails
   - Member and Auditor training (in-person, live and/or recorded webinars and educationAI learning modules)
   - Board, Committee, Working Group and IPAF meetings
   - Direct contact with affected Stakeholders
   - ASI Stories of Change
   - Other periodic or special reports and publications.

5. ASI’s official language is English. ASI’s Newsletters, Member Updates and Media Releases are also regularly translated into Chinese, and shared via ASI’s WeChat group and in the China portal on the ASI website. Other languages may also be used for tailored ASI communications and training, as appropriate.

6. All re-issued ASI Documents will include a document control section to track revisions over time.

6 RECORDS
Records of changes communicated will be maintained in Box by the ASI Secretariat for at least 5 years from the date the records were generated.
Public access to change communications in Newsletters, Media Releases and website updates will also be accessible via the ASI website.
