

ALUMINIUM STEWARDSHIP INITIATIVE (ASI) STRATEGY – 2022

ASI'S VISION AND MISSION

Our vision is to maximise the contribution of aluminium to a sustainable society.

Our mission is to recognise and collaboratively foster responsible production, sourcing and stewardship of aluminium.

2030 SUSTAINABILITY PRIORITIES

STRATEGIC PILLARS

ASI sets annual objectives under four strategic pillars, which have successfully set the foundation for our long-term Strategy.

EFFECTIVE GOVERNANCE

- Facilitate effective multi-stakeholder corporate and standards governance
- Encourage participation and engagement by members and stakeholders
- Position ASI for organisational growth and resilience
- Ensure financial resilience and positively adjust to dynamic risks and circumstances

ROBUST PROGRAM

- Deliver program rigour and integrity, including through regular revision cycles
- Support a culture of innovation and continual improvement
- Build capacity of members, auditors and Secretariat for quality implementation
- Digitisation of certification workflows and program management
- ISEAL Code compliance

DRIVING CHANGE

- Catalyse change in key sustainability topics across a range of operating contexts
- Tell the story of ASI and the global aluminium value chain
- Leverage data to track progress and deepen insights
- Continue to build strategic relationships that position ASI's work within global action on sustainability issues
- Engage in ESG transformation efforts with the financial and investment sector

BEYOND CERTIFICATION

- Amplify ASI's impact with stakeholders outside of the certification program
- Strengthen models and support for Indigenous-led and local community activities
- Lead or support targeted local projects in challenging sectors and regions
- Engage with academic and other programs to support broader innovation and capacity building

ASI'S 2022-2023 PRIORITIES

For 2022-2023, there are three broad priorities for ASI's activities:

STANDARDS REVISION AND ROLLOUT

- Finalise Standards Revision
- Implementation rollout of new versions
- Maintain assurance integrity for growing Certification portfolio

DATA AND RESEARCH

- Reframe Data and Research streams
- Deepen and share data insights
- Indigenous Peoples Advisory Forum (IPAF) – related projects in 'Beyond Certification' stream

ENGAGEMENT AND ALIGNMENT

- Stakeholders and partnerships
- Members and governance
- Team growth and development
