CRITERION	RATING	COMMENT
1. BUSINESS INTEGRITY		
1.1 Legal Compliance	Minor Non-Conformance	<p>The Entity has implemented a legal process that defines overall legal responsibility with Corporate Human Resources, whilst at the unit level, Human Resources has overall responsibility. The organisation chart illustrates a clear reporting line between the unit level and the corporate functions. The procedure requires the review of the effectiveness of compliance and its frequency, as part of the performance review at the plant level and management review meetings.</p> <p>However, legal requirements are not adequately identified and monitored (e.g. availability of occupational health centre, medical examination of employees working in hazardous processes (melting, casting, buffing, blasting, etc.) every six months as required by its own procedure.</p> <p>The legal compliance requirements of the recently added adjacent production site are also not fully met (e.g. environmental permit, etc., the start of commercial production in July 2024).</p> <p>In addition, the conditions of the legal permits are not effectively monitored and the annual self-declaration on fire-fighting equipment was not available.</p>
1.2 Anti-Corruption	Conformance	<p>The Entity has established Anti-Bribery and Anti-Trust Policy, which is publicly available at:  <a href="https://www.maxop.com/docs/policies/MECPL_Anti_Bribery%20_Anti_Trust_Policy%20.pdf">https://www.maxop.com/docs/policies/MECPL_Anti_Bribery%20_Anti_Trust_Policy%20.pdf</a></p> <p>An anti-Bribery risk assessment was conducted as part of the 'Register-Ethical Risk' and was last updated in November 2024. Training is provided during induction and refresher training is also provided.</p>
1.3a-e Code of Conduct	Conformance	<p>The Entity has developed an Employee Code of Conduct, which is publicly available at:  <a href="https://www.maxop.com/docs/policies/MECPL_Code_of_Conduct_&amp;Ethics_Policy%20.pdf">https://www.maxop.com/docs/policies/MECPL_Code_of_Conduct_&amp;Ethics_Policy%20.pdf</a></p> <p>The Code of Conduct training is included in the induction process and refresher training, and records are maintained.
