CERTIFICATION SCOPE

Re-melting, continuous casting, cold rolling, coating, slitting and oxidation process for the manufacture of aluminium alloy sheets, strips and aluminium alloy foils at Jiangsu Dingsheng New Materials Joint-Stock Co.,Ltd (China), Hangzhou Five Star Aluminium Co.,Ltd (China) and Hangzhou Teemful Aluminium Industry Co., Ltd (China).

SUMMARY AUDIT REPORT

PERFORMANCE STANDARD

OVERVIEW

MEMBER NAME	Jiangsu Dingsheng New Materials Joint-Stock Co., Ltd
ENTITY NAME	Jiangsu Dingsheng New Materials Joint-Stock Co., Ltd
CERTIFICATION SCOPE	Re-melting, continuous casting, cold rolling, coating, slitting and oxidation process for the manufacture of aluminium alloy sheets, strips and aluminium alloy foils at Jiangsu Dingsheng New Materials Joint-Stock Co.,Ltd (China), Hangzhou Five Star Aluminium Co.,Ltd (China) and Hangzhou Teemful Aluminium Industry Co., Ltd (China)
SUPPLY CHAIN ACTIVITIES	<ul style="list-style-type: none">● Casthouse● Semi-Fabrication● Aluminium Re-melting/Refining● Material Conversion
ASI STANDARD	<ul style="list-style-type: none">● Performance Standard V2
AUDIT TYPE	<ul style="list-style-type: none">● Certification Audit
AUDIT FIRM	SGS-CSTC Standards Technical Services
AUDIT DATE	5 – 15 August 2019
AUDIT REPORT SUBMISSION	26 September 2019
AUDIT SCOPE	<p>Re-melting, continuous casting, cold rolling, coating, slitting and oxidation process for the manufacture of aluminium alloy sheets, strips and aluminium alloy foils at Jiangsu Dingsheng New Materials Joint-Stock Co.,Ltd (China), Hangzhou Five Star Aluminium Co.,Ltd (China) and Hangzhou Teemful Aluminium Industry Co., Ltd (China).</p> <p>Supply chain activities included in the audit scope:</p> <ul style="list-style-type: none">● Casthouse● Semi-Fabrication● Aluminium Re-melting/Refining● Material Conversion <p>All relevant criteria in the ASI Performance Standard were included in the audit scope.</p>

AUDIT OUTCOME	<ul style="list-style-type: none">• Certification
AUDIT METHODOLOGY DECLARATION	<p>The Auditors confirm that:</p> <ul style="list-style-type: none"><input checked="" type="checkbox"/> The information provided by the Entity is true and accurate to the best knowledge of the Auditor(s) preparing this report.<input checked="" type="checkbox"/> The findings are based on verified Objective Evidence relevant to the time period for the Audit, traceable and unambiguous.<input checked="" type="checkbox"/> The Audit Scope and audit methodology are sufficient to establish confidence that the findings are indicative of the performance of the Entity's defined Certification Scope.<input checked="" type="checkbox"/> The Auditor(s) have acted in a manner deemed ethical, truthful, accurate professional, independent and objective.
CERTIFICATION PERIOD	8 December 2019 – 7 December 2022
NEXT AUDIT TYPE	Surveillance Audit
NEXT AUDIT DUE DATE	7 December 2020
CERTIFICATE NUMBER	51

SUMMARY OF FINDINGS

CRITERION	RATING	COMMENT
PRINCIPLE 1 BUSINESS INTEGRITY		
1.1 Legal Compliance	Conformance	<p>The Entity have systems in place to maintain awareness of and ensure compliance with Applicable Law. For example:</p> <ol style="list-style-type: none"> 1. The Entity has established procedure to identify appropriate laws about EHS. 2. The Entity carried out compliance evaluation per a year. 3. The Entity hired the external law firms to provide advice while needs. 4. Verified the following official website, no no-compliance information about this Entity was found. http://www.gsxt.gov.cn/
1.2 Anti-Corruption	Conformance	<p>The Entity has established the procedure to implement anti-corruption. This procedure was updated on 2018/10/25. And the Entity has established different actions to monitor the anti-corruption, such as set tip-off hotline, questionnaire investigation etc.</p>
1.3 Code of Conduct	Conformance	<p>The Entity has published a Code of Conduct including principles relevant to environmental, social and governance performance. It can be found following:</p> <p>http://www.dingshengxincai.com/about.aspx?Ca telid=73</p>
PRINCIPLE 2 POLICY & MANAGEMENT		
2.1a Environmental, Social, and Governance Policy (implement and maintain)	Conformance	<p>The environmental, social, and governance practices policies was established and signed off by top management, which was published on the board in every plant and it can be found as below :</p> <p>http://www.dingshengxincai.com .</p>
2.1b Environmental, Social, and Governance Policy (senior management)	Conformance	<p>The Environmental, Social, and Governance policy has been approved by president, and it would be reviewed per one year. And it can be found as below :</p> <p>http://www.dingshengxincai.com .</p>
2.1c Environmental, Social, and Governance Policy (communication)	Conformance	<p>The Entity has communicated the Policies internally, and externally as appropriate. The ESG was published on the board in every plant and it can be found following:</p> <p>http://www.dingshengxincai.com/about.aspx?Ca telid=73</p>

CRITERION	RATING	COMMENT
2.2 Leadership	Conformance	The Entity nominated senior management representative, assistant to the president as having overall responsibility and authority for ensuring conformance with the requirements of this standard. And appointed one senior manager as vice management representative for Zhenjiang Dingshen, and other senior manager was appointed as vice management representative for Hangzhou Five Star aluminium Co., Ltd./Hangzhou Teemful Aluminum Industry Co., Ltd.
2.3a Environmental and Social Management Systems (environmental)	Conformance	The Entity has documented and implemented integrated Environmental Management Systems.
2.3b Environmental and Social Management Systems (social)	Conformance	The Entity has documented and implemented the integrated management system. The Entity obtained ISO 9001, ISO 14001, OHAS 18001 certificate. The Entity documented and implemented social management systems.
2.4 Responsible Sourcing	Conformance	The Entity implemented a responsible sourcing policy covering environmental, social and governance issues. Implementation of the responsible sourcing policy includes a supplier evaluation checklist. The suppliers audit plan has also been established.
2.5 Impact Assessments	Conformance	The Entity has conducted environmental, social, cultural and Human Rights Impact Assessments, including a gender analysis, for new projects or major changes to existing facilities. This process was applied to the ongoing installation of environmental protection facilities for its waste gas treatment.
2.6 Emergency Response Plan	Conformance	The Entity has passed the ISO 14001:2015 and OHSAS 18001:2007 certification. The Entity have site specific emergency response plans developed in collaboration with potentially affected stakeholders' groups such as Communities, Workers and their representatives, and relevant agencies.
2.7 Mergers and Acquisitions	Conformance	The Entity has established the procedure of mergers and acquisitions, such as carrying due diligence. From 1/Jan/2018 to now, no mergers and acquisitions were happened. This information can be verified on following: http://www.cninfo.com.cn/

CRITERION	RATING	COMMENT
2.8 Closure, Decommissioning and Divestment	Conformance	<p>The Entity would review environmental, social and governance issues in the planning process for closure, decommissioning and divestment. If the Entity has closure, decommissioning and divestment, they would be publicly announced on the site:</p> <p>http://www.cninfo.com.cn/new/disclosure/stock?orgId=9900035545&stockCode=603876# as required.</p>
PRINCIPLE 3 TRANSPARENCY		
3.1 Sustainability Reporting	Conformance	<p>The Entity publicly disclosed its governance approach and its material environmental, social and economic impacts. The sustainability development report can be found on the Entity official website. Sustainability Development Report of 2018, issued on website:</p> <p>http://www.dingshengxincai.com/Upload/ueditor/files/2019-08-02/鼎胜新材可持续发展报告-15bea324-204c-4ff8-a273-a8bc3ce365bf.pdf</p> <p>The Sustainability Development Report of 2018 could be found on following</p> <p>http://www.dingshengxincai.com/Upload/ueditor/files/2019-07-26/附件：杭州五星铝业有限公司2018年可持续发展报告-d12a9623-6d2e-4bb9-8eec-0ba1e2ba3d15.pdf</p>
3.2 Non-compliance and liabilities	Conformance	<p>No significant fines, judgments, penalties and non-monetary sanctions for failure to comply with Applicable Law in 2018 and 2019.</p>
3.3a Payments to governments (legal and contractual)	Conformance	<p>The Entity only has made on its behalf, payments to governments on a legal and/or contractual basis (see Financial report of 2018 and Q1 of 2019). As a listed company, Entity' financial statements are required to be audited by accounting firm, the audited report of 2018 year was published on the</p> <p>http://static.cninfo.com.cn/finalpage/2019-04-27/1206123510.PDF .</p> <p>The tax payable was in the page 21 of 2018 financial statements report and in the page 10 of following report of Q1 2019</p> <p>http://www.cninfo.com.cn/new/disclosure/detail?plate=sse&stockCode=603876&announcementId=1206123459&announcementTime=2019-04-27</p>

CRITERION	RATING	COMMENT
3.3b Payments to governments (disclosure – bauxite mining)	Not Applicable	This criterion is not applicable to the Entity's Certification Scope.
3.4 Stakeholder complaints, grievances and requests for information	Conformance	The Entity has an accessible complaints resolution mechanism in place, as evidenced in their Community Communication Management Procedure and the Complaints control procedure. Complaints can be made via the contact details available on the website: http://www.dingshengxincai.com/contact.aspx?CateId=86
PRINCIPLE 4 MATERIAL STEWARDSHIP		
4.1a Environmental Life Cycle Assessment (life cycle impacts)	Minor Non-Conformance	The Entity has evaluated the life cycle impacts of its major product lines from the cold rolling process. However, the Entity has not completed life cycle impacts for products from other processes.
4.1b Environmental Life Cycle Assessment (cradle to gate)	Conformance	If customer request, the Entity shall provide adequate cradle-to-gate Life Cycle Assessment (LCA) information on its Aluminium (containing) product(s).
4.1c Environmental Life Cycle Assessment (public communication)	Conformance	The Entity has published the communication of LCA in the section 4.4.2 of http://www.dingshengxincai.com/Upload/ueditor/files/2019-08-14/附件%EF%BC%9A杭州五星铝业有限公司2018年可持续发展报告-69e473cc-2c63-4c53-85e5-dd0db1dc13af.pdf
4.2 Product design	Conformance	The Entity set and thought about the clear objective during the development the process to enhance sustainability, including the environmental life cycle impacts of the end product.
4.3a Aluminium Process Scrap (targets)	Conformance	The Entity set the rolling yield as KPI on the operation control. And all aluminium process scrap was collected to input the aluminum re-melting process.
4.3b Aluminium Process Scrap (alloy separation)	Conformance	The Entity separated Aluminium alloys and grades for recycling.
4.4a Collection and recycling of products at end-of-life (strategy)	Conformance	The Entity has established the recycling strategy with objectives for the next three years, and the Entity is supporting a program with the Aluminium Resource Reuse Research Institute

CRITERION	RATING	COMMENT
		to research and develop new application technology for recycled aluminium.
4.4b Collection and recycling of products at end-of-life (engagement)	Conformance	An aluminium recycling strategy is in place. The set goals are fulfilled and thus a continuous increase of the recycling rate is aimed for. Novelis is actively engaged in European initiatives or groups that support and improve national collection rates.
PRINCIPLE 5 GREENHOUSE GAS EMISSIONS		
5.1 Disclosure of GHG emissions and energy use	Conformance	The Entity has issued the Y2018 GHG emissions and energy use report and published on the website as below: http://www.dingshengxincai.com/Upload/ueditor/files/2019-08-14/附件：杭州五星铝业有限公司2018年碳排放报告-7d3660a1-11bc-4b24-98c8-87b47eaf3e23.pdf And page 7 of http://www.dingshengxincai.com/Upload/ueditor/files/2019-07-01/鼎胜新材2018年温室气体排放报告-ea834a89-98a2-4e81-bce0-fa82ce5f65fb.pdf
5.2 GHG emissions reductions	Conformance	The Entity publish time-bound GHG emissions reduction targets and implement a plan to achieve these targets. The time-bound GHG emissions reduction targets could be found the section 4.4.3 of below report. http://www.dingshengxincai.com/Upload/ueditor/files/2019-08-14/附件%EF%BC%9A杭州五星铝业有限公司2018年可持续发展报告-69e473cc-2c63-4c53-85e5-dd0db1dc13af.pdf
5.3a Aluminium Smelting (management system)	Not Applicable	This criterion is not applicable to the Entity's certification scope.
5.3b Aluminium Smelting (up to and including 2020)	Not Applicable	This criterion is not applicable to the Entity's certification scope.
5.3c Aluminium Smelting (after 2020)	Not Applicable	This criterion is not applicable to the Entity's certification scope.
PRINCIPLE 6 EMISSIONS, EFFLUENTS AND WASTE		
6.1 Emissions to Air	Conformance	The Entity quantified and reported Emissions to Air that have adverse effects on the environment and implemented plans to minimize these

CRITERION	RATING	COMMENT
		<p>adverse impacts. The emissions to air was tested via entrusting tripartite per a quarter, this information was published on the official website as below: http://www.dingshengxincai.com/about.aspx?Ca telid=73 and http://www.dingshengxincai.com/about.aspx?Ca telid=</p>
6.2 Discharges to Water	Conformance	<p>The Entity quantified and reported Discharges to Water that have adverse effects on humans or the environment, and implemented plans to minimize these adverse impacts. The Entity has published the waste water treatment method as below: http://www.dingshengxincai.com/about.aspx?Ca telid=76 and http://www.dingshengxincai.com/about.aspx?Ca telid=73</p>
6.3a Assessment and Management of Spills and Leakage (assessment)	Conformance	<p>The Entity has entrusted tripartite to issue the Emergency response plan to environmental event, the spills and leakage risk has identified and evaluated in this plan. And the emergence response has been defined in this plan. And this plan was registered in the local government.</p>
6.3b Assessment and Management of Spills and Leakage (management)	Conformance	<p>The Entity has established the emergency response plan which include external communication processes and the emergency response plan were registered in the local authorities according to national laws. The emergency response plan register number were No. 321102-2015-005-M and 330110-2018-086-L.</p>
6.4a Reporting of Spills (immediate disclosure)	Conformance	<p>The emergency response plan to environmental event has defined how to report to affected parties included local community, neighbours and local government, while the environmental event happened. All information about environmental would be release on the office website as below http://www.dingshengxincai.com/about.aspx?Ca telid=73 . There has not been any significant spill to report.</p>
6.4b Reporting of Spills (regular reporting)	Conformance	<p>The Entity would publicly disclose Impact Assessments of the Spills and remediation actions taken, and report publicly on an annual basis. All information about environmental would</p>

CRITERION	RATING	COMMENT
		be published on the office website as below http://www.dingshengxincai.com . Till now, no spills were happened.
6.5a Waste management and reporting (strategy)	Conformance	Solid waste management procedure was defined treatment process of the solid waste including hazardous and non-hazardous. The quantities and the treatment programme were published on the board at the door of the Entity per quarter. For example, hazardous was transferred to qualified suppliers; process scraps were collected to re-melting. The non-hazardous were domestic waste and dross raised in the process. Maximise the recovery of Aluminium by treatment of Dross and Dross residues. And the proportion of recovery of aluminium from dross was recorded.
6.5b Waste management and reporting (disclosure)	Conformance	The quantities of annual quantity of hazardous and non-hazardous waste generated by the Entity and disposal methods are reported in the section on solid waste information of webpage http://www.dingshengxincai.com/about.aspx?Ca telId=73 .
6.6a Bauxite Residue (storage construction)	Not Applicable	This criterion is not applicable to the Entity's certification scope.
6.6b Bauxite Residue (integrity checks and controls)	Not Applicable	This criterion is not applicable to the Entity's certification scope.
6.6c Bauxite Residue (water discharge)	Not Applicable	This criterion is not applicable to the Entity's certification scope.
6.6d Bauxite Residue (marine and aquatic environments)	Not Applicable	This criterion is not applicable to the Entity's certification scope.
6.6e Bauxite Residue (start of the art technologies)	Not Applicable	This criterion is not applicable to the Entity's certification scope.
6.6f Bauxite Residue (remediation)	Not Applicable	This criterion is not applicable to the Entity's certification scope.
6.7a Spent Pot Lining (SPL) (storage and management)	Not Applicable	This criterion is not applicable to the Entity's certification scope.
6.7b Spent Pot Lining (SPL) (recovery and recycling)	Not Applicable	This criterion is not applicable to the Entity's certification scope.
6.7c Spent Pot Lining (SPL) (Untreated SPL)	Not Applicable	This criterion is not applicable to the Entity's certification scope.

CRITERION	RATING	COMMENT
6.7d Spent Pot Lining (SPL) (review of alternatives)	Not Applicable	This criterion is not applicable to the Entity's certification scope.
6.7e Spent Pot Lining (SPL) (marine and aquatic environments)	Not Applicable	This criterion is not applicable to the Entity's certification scope.
6.8a Dross (recovery)	Conformance	The Entity tried to maximise the recovery of aluminium by treatment of dross and dross residues and the production recorded the recovery result to improve it. The Entity established KPI to monitor the production department 100% recovery aluminium to re-melting.
6.8b Dross (recycling)	Conformance	All treated dross residues were transferred to others to reuse.
6.8c Dross (review of alternatives)	Not Applicable	It is not applicable because there is no landfilling taking place.

PRINCIPLE 7 WATER STEWARDSHIP

7.1a Water assessment (mapping)	Conformance	The Entity identified and map its water withdrawal and use by source and type on the section 1.7 of the entity's sustainability report as below http://www.dingshengxincai.com/Upload/ueditor/files/2019-08-14/附件%EF%BC%9A杭州五星铝业有限公司2018年可持续发展报告-69e473cc-2c63-4c53-85e5-dd0db1dc13af.pdf Section 2.1.2 of following sustainability report http://www.dingshengxincai.com/Upload/ueditor/files/2019-08-02/鼎胜新材可持续发展报告-15bea324-204c-4ff8-a273-a8bc3ce365bf.pdf
7.1b Water assessment (risk assessment)	Conformance	The water-related risks in Watersheds in the Entity's Area of Influence has been identified on the section 2.1.2 of following sustainability report http://www.dingshengxincai.com/Upload/ueditor/files/2019-08-02/鼎胜新材可持续发展报告-15bea324-204c-4ff8-a273-a8bc3ce365bf.pdf and on the section 1.7 of the Entity's sustainability report as below http://www.dingshengxincai.com/Upload/ueditor/files/2019-08-14/附件%EF%BC%9A杭州五星铝业有限公司2018年可持续发展报告-69e473cc-2c63-4c53-85e5-dd0db1dc13af.pdf

CRITERION	RATING	COMMENT
7.2a Water management (management plans)	Conformance	<p>The Entity has established water management plans with time-bound targets such as below:</p> <ol style="list-style-type: none"> 1. The entity monitored the waste water to ensure the discharge meet the standard. http://www.dingshengxincai.com/Upload/ueditor/files/2018-12-29/鼎胜新材2018年土壤及地下水自行监测报告-8b5d67bb-dd61-4504-b67c-8f545c93e66d.pdf and http://www.dingshengxincai.com/about.aspx?CatelId=73 . 2. 2 The entity established the action plan to reduce daily water consumption to 2500 tons/day in the end of 2019 year. 3. 3 The waste water was discharged to the municipal sewage plant according to discharge licence. 4. 4 Established the action plan such as upgrade wastewater treatment station before the end of 2019 year to reduce the waste water discharge to 1000 Tons/Day.
7.2b Water management (monitoring)	Conformance	<p>The Entity monitored the effectiveness of the plan. The entity monitored the waste water to ensure the discharge meet the standard. http://www.dingshengxincai.com/Upload/ueditor/files/2018-12-29/鼎胜新材2018年土壤及地下水自行监测报告-8b5d67bb-dd61-4504-b67c-8f545c93e66d.pdf and http://www.dingshengxincai.com/about.aspx?CatelId=73</p>
7.3 Disclosure of water usage and risks	Conformance	<p>The entity has issued the balance of water usage report, which reported the water usage. This report might be found on the official website as below: http://www.dingshengxincai.com/Upload/ueditor/files/2019-08-14/2018年水平衡报告-c618f378-4aba-4dd9-a53e-77b624a2552f.pdf and section 2.1.2 of sustainability report http://www.dingshengxincai.com/Upload/ueditor/files/2019-08-02/鼎胜新材可持续发展报告-15bea324-204c-4ff8-a273-a8bc3ce365bf.pdf .</p>
PRINCIPLE 8 BIODIVERSITY		
8.1 Biodiversity assessment	Conformance	<p>The Entity was location in the industrial park developed by local government. As legal required, the EIA including contractor project</p>

CRITERION	RATING	COMMENT
		EIA and plan EIA must be carried out. The EIA of the Entity construction projects and Environmental impact assessment (EIA) of industrial park plan has assessment the risk and materiality of the impact on biodiversity from the land use and activities in the Entity's area of influence. The reports showed there is no protection flora in this area, and no large wild animal were lived in this area. Based on the environmental impact assessment report, no protection flora in this area and no large wild animal were lived in this area. The Entity established the monitor plan of emission to air and discharge to water to protect the environmental.
8.2a Biodiversity management (biodiversity action plans)	Not Applicable	According to the Environmental impact assessment (EIA) report showed there were no protection flora in this area, and no large wild animal were lived in this area.
8.2b Biodiversity management (consultation and mitigation hierarchy)	Not Applicable	According to the Environmental impact assessment (EIA) report showed there were no protection flora in this area, and no large wild animal were lived in this area.
8.2c Biodiversity management (reporting)	Not Applicable	According to the Environmental impact assessment (EIA) report showed there were no protection flora in this area, and no large wild animal were lived in this area.
8.3 Alien Species	Conformance	The Entity established the procedure to prevent accidental or deliberate introduction of alien species that could have significant adverse impacts on biodiversity.
8.4a Commitment to "No Go" in World Heritage properties (exploration and new mines)	Not Applicable	This criterion is not applicable to the Entity's certification scope.
8.4b Commitment to "No Go" in World Heritage properties (existing operations)	Not Applicable	This criterion is not applicable to the Entity's certification scope.
8.5a Mine rehabilitation (best available techniques)	Not Applicable	This criterion is not applicable to the Entity's certification scope.
8.5b Mine rehabilitation (financial provisions)	Not Applicable	This criterion is not applicable to the Entity's certification scope.
PRINCIPLE 9 HUMAN RIGHTS		

CRITERION	RATING	COMMENT
9.1a Human Rights Due Diligence (policy)	Conformance	The Entity has issued and signed off the policy commitment to respect Human Rights. It was showed on below http://www.dingshengxincai.com/about.aspx?Ca telid=73
9.1b Human Rights Due Diligence (process)	Minor Non-Conformance	The Entity provided evidence of various due diligence methods to protect human rights and prevent impacts. However, the Entity has not formally documented and implemented these methods into a procedure.
9.1c Human Rights Due Diligence (remediation)	Minor Non-Conformance	An effective human rights due diligence process is not in place so it may not be possible to know what mitigation is required.
9.2 Women's Rights	Conformance	The Entity established special protection procedure to women worker, reflected all applicable legal requirements. There was no observed evidence of Discrimination against women. Further, both plants' general managers are women.
9.3 Indigenous Peoples	Not Applicable	There are no Indigenous Peoples in the area.
9.4 Free, Prior, and Informed Consent (FPIC)	Not Applicable	There are no Indigenous Peoples in the area.
9.5 Cultural and sacred heritage	Not Applicable	There are no Cultural and sacred heritage nearby.
9.6a Resettlements (avoid or minimise)	Not Applicable	There is no resettlement required.
9.6b Resettlements (where unavoidable)	Not Applicable	There is no resettlement required.
9.7a Local Communities (rights and interests)	Conformance	The Entity's boundary was in line with their right of land use. The environmental impact evaluation report showed that the Entity' activities did not impact the local communities' life and impact the local communities to use of natural resources, and the local communities did not use of any natural resources. The Entity respected the legal and customary rights and interests of local Communities in their lands and livelihoods and their use of natural resources.
9.7b Local Communities (impacts)	Conformance	The Entity's boundary was in line with their right of land use. The environmental impact

CRITERION	RATING	COMMENT
		<p>evaluation report showed that the Entity' activities did not impact the local communities' life and impact the local communities to use of natural resources, and the local communities did not use of any natural resources. The Entity respected the legal and customary rights and interests of local Communities in their lands and livelihoods and their use of natural resources.</p>
9.7c Local Communities (livelihoods)	Conformance	<p>The Entity established community communication management procedure. And the Entity actively communicated with community. For example, Community communication record on 8 May 2019, local village expected the company recruit more villagers. The company recruited 6 villagers in 2019.</p>
9.8 Conflict-Affected and High-Risk Areas	Conformance	<p>The Entity has established documented policy to not contributing to armed conflict or human rights abuses in conflict-affected and high-risk areas as below item 3.6 of policy in: http://www.dingshengxincai.com/about.aspx?Ca telid=73</p> <p>Conduct risk evaluation while selection of suppliers, to ensure no supplier involved in armed conflict or Human Rights abuses in Conflict-Affected and High-Risk Areas. No facility or supplier locate in Conflict-Affected and High-Risk Areas</p>
9.9 Security practice	Conformance	<p>he security provider respect Human Rights in line with recognised standards and good practices. The Security management procedure defined that the primary role of security providers is the protection of people, property and/or assets. And the responsibilities and obligation were defined in services contract.</p>
PRINCIPLE 10 LABOUR RIGHTS		
10.1a Freedom of Association and Right to Collective Bargaining (freedom of association)	Conformance	<p>There are laws that restrict Freedom of Association in China. However, the Entity respect the rights of Workers to join in Labour Unions without interference. The Entity respect the rights of Workers to collective bargaining through labour union representatives.</p>
10.1b Freedom of Association and Right to Collective Bargaining (collective bargaining)	Conformance	<p>There are laws that restrict Collective Bargaining in China. However, the Entity respect the rights of Workers to join in Labour Unions without interference. The Entity respect the rights of</p>

CRITERION	RATING	COMMENT
		Workers to collective bargaining through labour union representatives.
10.1c Freedom of Association and Right to Collective Bargaining (alternative means)	Conformance	<p>There are laws that restrict Freedom of Association in China. However, the Entity respect the rights of Workers to join in Labour Unions without interference. The Entity respect the rights of Workers to collective bargaining through labour union representatives.</p> <p>Alternative ways that the Entity supports means of association of workers includes through its monthly worker meetings (for which minutes were evidenced) and also the health and safety committee required as part of its OHSAS 18001 certification.</p>
10.2a Child Labour (minimum age)	Conformance	<p>Prohibition of child labour procedure, the Entity doesn't use child labour below 16 years old. And doesn't arrange young workers (under 18) do dangerous or harmful work, not work overtime. While recruitment, verify ages through appearance, ID and other legal documents. Where instances of child labour are found, responses include: stop working, accompany send child labour to home, pay all remuneration and travel fees. Review age verification process, take actions to avoid recur recurrence. Currently no young workers in the Entity.</p>
10.2b Child Labour (hazardous)	Conformance	<p>Prohibition of child labour procedure, the Entity doesn't use child labour below 16 years old. And doesn't arrange young workers (under 18) do dangerous or harmful work, not work overtime. While recruitment, verify ages through appearance, ID and other legal documents. Where instances of child labour are found, responses include: stop working, accompany send child labour to home, pay all remuneration and travel fees. Review age verification process, take actions to avoid recur recurrence. Currently no young workers in the Entity.</p>
10.2c Child Labour (worst forms)	Conformance	<p>Prohibition of child labour procedure, the Entity doesn't use child labour below 16 years old. And doesn't arrange young workers (under 18) do dangerous or harmful work, not work overtime. While recruitment, verify ages through appearance, ID and other legal documents. Where instances of child labour are found, responses include: stop working, accompany send child labour to home, pay all remuneration</p>
