### **Directors' Report**

For the year ended 31 December 2024

#### 1. Principal activities

The principal activities during the financial year were to work with members and stakeholders under the ASI governance model to implement and grow the ASI certification program and associated workstreams.

#### 2. Objectives and Strategy

Aluminium Stewardship Initiative Ltd (ASI) is a not-for-profit public company limited by guarantee under the *Corporations Act* of Australia. It was incorporated on 25 June, 2015 and is also a Registered Charity under the Australian Charities and Not-forprofits Commission (ACNC).

The company has the following objects:

- a. to define globally applicable Standards for sustainability performance and material chain-of-custody for the aluminium value chain;
- b. to promote measurable and continual improvements in the key environmental, social and governance dimensions of aluminium production, use and recycling;
- c. to develop a credible assurance and certification system that both mitigates the risks of non-conformity with Standards and minimises barriers to broad scale implementation of Standards; and
- d. to become and remain a globally valued organisation advancing programs for sustainability in the aluminium value chain, which is financially self-sustaining and inclusive of stakeholder interests.

These objects are supported by ASI's Strategic Plan, which sets out the following areas of strategic focus:

#### I. Effective governance:

- Facilitate effective multi-stakeholder corporate and standards governance
- Encourage participation and engagement by members and stakeholders
- Position ASI for organisational growth and resilience
- Ensure financial resilience and positively adjust to dynamic risks and circumstances

#### II. Robust program:

- Deliver program rigour and integrity, including through regular revision cycles
- Support a culture of innovation and continual improvement
- Build capacity of members, auditors and Secretariat for quality implementation
- Digitisation of certification workflows and program management
- Maintain ISEAL Code compliance with new integrated Code (2024)

#### III. Driving change:

- Catalyse change in key sustainability topics across a range of operating contexts
- Leverage data and stories to track progress and deepen insights
- Address risks of sector or topic fragmentation that hides the 'big picture' view
- Continue to build strategic relationships that position ASI's work within global action on sustainability issues
- Engage in ESG transformation efforts with the financial and investment sector

#### IV. Beyond certification:

- Amplify ASI's impact with stakeholders outside of the certification program
- Strengthen models and support for Indigenous-led and local community activities
- Lead or support targeted local projects in challenging sectors and regions
- Engage with academic and other programs to support broader innovation and capacity building

#### 3. Operating results

The operating deficit of the company during the year was AUD\$0.906M (2023: AUD\$0.087M).

Factors contributing to this result include:

- Revenue was under the full year 2024 budget by AUD\$0.664M. The 2024 revenue of AUD\$6.671M reflects an increase of 13% over the previous year.
- The 2024 budget was structured to intentionally invest from previous year cash surpluses. The Board's budget deficit of AUD\$0.926M was AUD\$0.020M higher than actual deficit result of AUD\$0.906M.
- Continued growth and retention of ASI members with 63 new members in 2024 (15% growth in member numbers overall), but growth is slowing compared to previous years.
- Expansion of the Secretariat with a net increase in headcount of 6 in 2024, building ASI's capability to deliver on strategy and manage future growth.
- Careful management of expenditure, with the majority of activity lines at or under budget. Total Operating Expenses were AUD\$7.560M, AUD\$0.706M below the budget.

The Board maintains a cautious financial approach resulting in operating reserves that continue to be valuable in a time of ongoing uncertainty. Going forward, the Board continues to take a balanced approach by closely monitoring to ensure operating reserves are appropriate alongside prudent investment to achieve ASI's strategy and objectives.

In the opinion of the directors there were no significant changes in the state of affairs of the company that occurred during the financial year under review.

### Notes to the Financial Statements For the Year Ended 31 December 2024

The financial report covers Aluminium Stewardship Initiative Ltd ('ASI) as an individual entity. Aluminium Stewardship Initiative Ltd is a not-for-profit public company limited by guarantee, incorporated and domiciled in Australia.

The principal activities of the company for the year ended 31 December 2024 were to work with members and stakeholders under the ASI governance model to implement and grow the ASI certification program and associated workstreams.

The company is a registered charity with the Australian Charities and Not-for-Profits Commission and is exempt from income tax.

The financial report was approved by the directors as of the date of the directors' declaration.

The functional and presentation currency of Aluminium Stewardship Initiative Ltd is Australian dollars.

#### 1 Basis of Preparation

The financial statements are general purpose financial statements that have been prepared in accordance with the Australian Accounting Standards - Simplified Disclosures and the *Australian Charities and Not-for-profits Commission Act 2012.* 

The financial statements have been prepared on an accruals basis and are based on historical costs modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

Material accounting policy information relating to the preparation of these financial statements are presented below, and are consistent with prior reporting periods unless otherwise stated.

#### 2 Material Accounting Policy Information

#### (a) Revenue and other income

#### Revenue from contracts with customers (AASB 15)

AASB 15 requires revenue to be recognised when control of a promised good or service is passed to the customer at an amount which reflects the expected consideration. Revenue is recognised by applying a five-step model as follows:

- 1. Identify the contract with the customer
- 2. Identify the performance obligations
- 3. Determine the transaction price
- 4. Allocate the transaction price and
- 5. Recognise revenue when a performance obligation is satisfied

#### **Rendering of services**

The company does not sell goods. Generally the timing of the payment for rendering of services corresponds closely to the timing of satisfaction of the performance obligations, however if there is a difference, it will result in the recognition of a receivable, contract asset or contract liability.

A.C.N. 606 661 125

## Notes to the Financial Statements

#### For the Year Ended 31 December 2024

#### 2 Material Accounting Policy Information (continued)

(a) Revenue and other income (continued)

## Revenue recognition policy for contracts which are either not enforceable or do not have sufficiently specific performance obligations

As convenor of the forum of members, the company provides its membership base with access to services such as standards development, learning programs, multi-stakeholder dialogue, broad community networking and, in relation to members seeking certification, to ASI accredited auditors. Membership provides members with the opportunity to participate in the forum. The Directors believe that the company's offering represents a non-specific performance obligation, reflecting the opportunity that members avail themselves of, depending on their goals and objectives. Given non-specificity, AASB 15 defers not-for-profit entities to consider the applicability of AASB 1058 which deals with situations where ASI does not have to perform an obligation in response to the entitlement to income. Accordingly, the company continues to recognise revenue from the provision of membership subscriptions upon receipt of payment. Member subscription invoices that relate to future periods at year end are recognised on the statement of financial position as revenue in advance.

#### (b) Income tax

The company is exempt from income tax under Division 50 of the Income Tax Assessment Act 1997.

#### (c) Intangible assets

Developed software is capitalised as an asset only when it is anticipated to deliver future reliably measurable economic benefits. The online assurance platform is such an asset, which upon installation was estimated to have a useful life of three years. The asset remains in use though it was fully amortised in 2020.

Other intangible assets with finite lives are amortised over the useful economic life and assessed for impairment. Patents are carried at cost and amortised on a straight-line basis over the period of the patent, but not exceeding 20 years. While Trademarks are considered to have indefinite lives, the Company has a policy of amortising Trademarks over 10 years (being the initial life of a Trademark before renewal). Accordingly, Trademark are initially carried at cost then amortised over 10 years.

#### (d) Employee benefits

#### i. Short-term employee benefit obligations

Liabilities arising in respect of wages and salaries, annual leave and any other employee benefits expected to be settled within twelve months of the reporting date are measured at their nominal amounts based on remuneration rates which are expected to be paid when the liability is settled. The expected cost of short-term employee benefits in the form of compensated absences such as annual leave is recognised in the provision for employee entitlements. All other short-term employee benefit obligations are presented as payables.

#### ii. Long-term employee benefit obligations

Liabilities arising in respect of long service leave which is not expected to be settled within twelve months of the reporting date are measured at the present value of the estimated future cash outflow to be made in respect of services provided by employees up to the reporting date.

Employee benefit obligations are presented as current liabilities if the company does not have an unconditional right to defer settlement for at least twelve months after the reporting date, regardless of when the actual settlement is expected to occur.

### Notes to the Financial Statements

#### For the Year Ended 31 December 2024

#### 2 Material Accounting Policy Information (continued)

#### (e) Comparatives

Where necessary, comparative information has been reclassified and repositioned for consistency with current year disclosures.

#### 3 Critical Accounting Estimates and Judgments

Those charged with governance make estimates and judgements during the preparation of these financial statements regarding assumptions about current and future events affecting transactions and balances.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates.

The significant estimates and judgements made have been described below.

#### Key judgments

On the basis of the judgement that the member subscription revenue stream does not have sufficiently specific performance obligations against which subscriptions are matched over time, this revenue is recognised upon receipt.

#### 4 Revenue

#### INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ALUMINIUM STEWARDSHIP INITIATIVE LTD

#### Opinion

We have audited the financial report of Aluminium Stewardship Initiative Ltd (the Company) which comprises the statement of financial position as at 31 December 2024, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of material accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the Company is in accordance with Division 60 of the *Australian Charities and Not-for-Profits Commission Act 2012* (ACNC Act), including:

- (i) giving a true and fair view of the Company's financial position as at 31 December 2024 and of its financial performance for the year ended; and
- (ii) complying with Australian Accounting Standards Simplified Disclosures and the Corporations Regulations 2001 and the *Australian Charities and Not-for-Profits Commission Regulation 2013.*

#### **Basis for Opinion**

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the ACNC Act and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110: Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We confirm that the independence declaration required by the *Australian Charities and Not-for-Profits Commission Act 2012* (ACNC Act), which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

#### Information Other than the Financial Report and Auditor's Report Thereon

The directors are responsible for the other information. The other information comprises the information included in the Company's annual report for the year ended 31 December 2024 but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### **Responsibilities of the Directors for the Financial Report**

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards - Simplified Disclosures and the Corporations Act 2001 and the *Australian Charities and Not-for-Profits Commission Act 2012* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

#### Auditor's Responsibility for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of the users taken on the basis of the financial report.

Further information about our responsibilities can be found at <u>http://www.auasb.gov.au/auditors\_responsibilities/</u> <u>ar3.pdf. This description forms part of our auditor's report.</u>
